**International 5-days ARDF event,
Czech Cup competition,
Czech Open Sprint Championship,
Czech Open Relay Championship**

Introduction: Salute to all ARDF competitors and fans of this sport!
For us, organisers of traditional „Pohár přátelství“ (Friendship Cup), it is a great honour to organise this competition as five-days event this year. According to the tradition of Czech 5-days, you may look forward to one relay race and four individual races, crowned by chasing start in the final foxoring stage. Sprint, relay, and final stage will be held near the event centre, whereas classic races will take place in new „virgin“ areas near the town of Plasy.
You are heartily welcome to the Czech Republic – to compare your sport qualities and to spend the holiday time among your friends.
We are looking forward to your participation!
